

GenB Common GROUND CAMP

Co-creating novel approaches of teaching, learning, and spreading awareness about the bioeconomy

WWW.GENB-PROJECT.EU

DATE: February 21st & 22nd, 2023 **LOCATION:** The Stanley Hotel - Odisseos 1, 104 37 Athens,

Inspiring and educating young generations:
Innovative approaches from EU funded projects

OBJECTIVES

- Promote the ecological transition, through the involvement of young generations
- Growth future citizens that are aware and responsible (GenB)
- Inspire tomorrow's workforce, entrepreneur and decision makers

SOME EU FUNDED PROJECTS IN BIOECONOMY EDUCATION

RESULTS OF THESE PROJECTS

 Increased awareness and knowledge about the circular and sustainable bioeconomy

New formats, approaches, methodologies, conceptual models

Promote debate on these topics

LIFT Factsheet analyzed all project's results

THE GENB MODEL

BioGoV.net

The citizens of tomorrow

- Scientific events, festivals, museum
- BioArt Gallery to inspire through emotions
- Touch, smell and discover bioeconomy through the Bio-based products

The citizens of tomorrow

Experiential learning

The citizens of tomorrow

Pitches, bioeconomy «stories» from researchers, Start-ups, industries

School projects

Study visits (industries, biorefineries)

The little ones, speaking their own language

- Books
- Games

Teens by providing stimulating contents

- Quiz
- Social media activities
- **Educational cards**

co-leather from apple peel

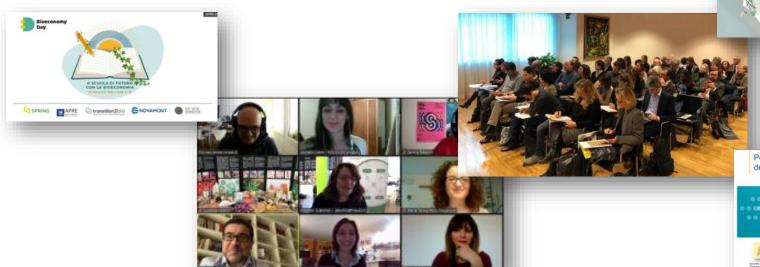

Teachers and multipliers, by providing

- Training
- Contents
- Tools to be used with students
- School sets of bio-based samples

(a) transition2bio

#EUROPEAN BIOECONOMY NETWORK

WWW.EUBIONET.EL

Teachers and multipliers, by providing

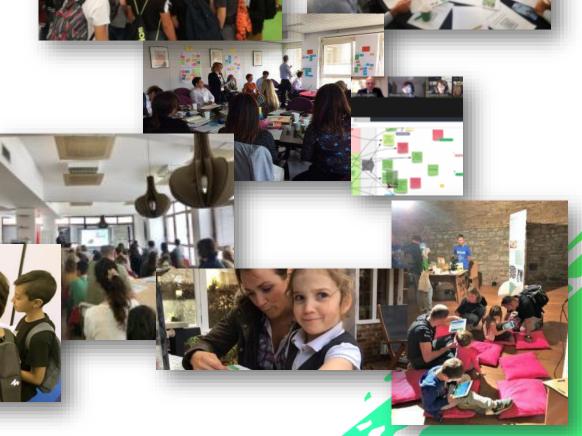

Collect all voices (make your voice heard)

 Involve teachers, students and parents in the design of innovative formats

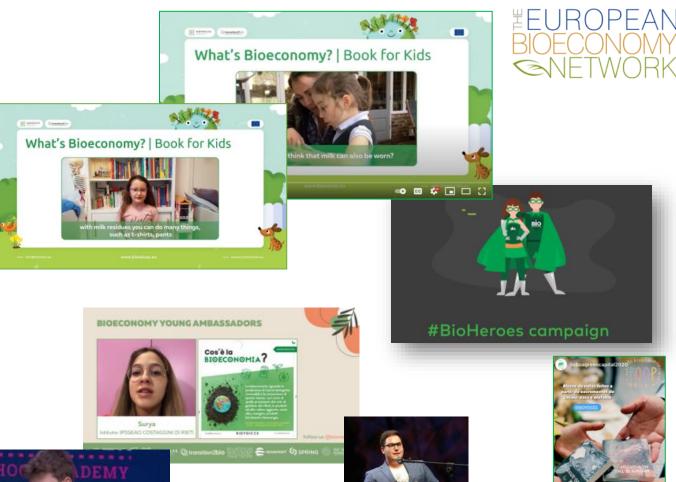

Develop new ideas through creative methods

- Involve young ambassadors and influencers
- Students2Students (cascade learning)
- TEDx made by students

THANKS!
